A NEW GENERATION OF PHOTO STUDIO

After working in the fashion industry as a retailer, photographer, producer and model. We have faced the onerous and time-consuming nature of visual content production.

Passionate about new technologies and innovation, we develop an alternative space combining cutting edge technology and creativity. Thanks to our tools, as easy to use as a Smartphone, we wish to allow each client to become an actor of the content production.

A fun experience that adapts to all types of requests, deadlines and budgets.

Thomas & Victor, E-Do project leaders.

THE STUDIO - E-COMMERCE

- E-Do is a new space built around the self-service photo studio model.

A powerful, adaptable, creative and customizable service for any type of digital content thanks to an automated e-commerce system.

- Content creation:
when speed goes hand in hand with quality.

Our service allows you to refine your brand identity and maintain an optimal image quality for all your digital media.

- A cyclorama (white infinite background)
- 4 machines available
- Photos & Videos.
- E-commerce, Instagram, Snapchat, Facebook, TikTok...

3.5X 

More effective

- Dynamic 4K videos.
- UltraHD images.
- Smart presets.
- Custom and saved lighting settings.

4X 

Faster

- Instantly ready content.
- Significant reduction in post-processing.
- 60% reduction in upload time.
- Automatic background removal.
- From 3 days to 3 minutes.

10X 

Cheaper

- Low cost per image.
- Self-service.
- Short or long term rental.
- Small team.
-

WEB

Your digital deployment is at the heart of our know-how.

We design your storefront and e-commerce sites with an approach focused on your users' needs.

Our short and medium term objective is to enable you to build customer loyalty, improve their experience and optimize your sales performance.

IDENTITY

The E-Do team will help you create and strengthen your visual identity.

We take into account your environment, your history and the habits of your community to help your brand reach its full potential

CONTENT

Take your content strategy to the next level with StyleShoots technology.

Leaders in E-commerce image creation, our StyleShoots machines accelerate and improve the production of your product photos and videos. All while guaranteeing your freedom and creativity. We also take care of the post-production of your creations.
